What's New In Kiran 039;s Typing Tutor?

Kiran's Typing Tutor - The secret to a better typing speed is in your hands! Are you worried about your typing skills? Does typing on a keyboard cause you physical pain? Don't worry, Kiran's Typing Tutor is here to help you! Based on our experience in teaching people how to type and how long it takes them to become fluent typists, we have developed this tool. It is the first typing tutor available on the market. We take great pride in our software as we know how important it is to develop a strong typing skill. This is a Typing Tutor for anyone who is interested in learning the alphabet, numbers and words. So, if you want to become a real pro and improve your typing speed, Kiran's Typing Tutor will be the best choice. After the basic lessons, you can move on to different games, tests and, of course, to learn how to type in English. Our software has a simple interface with numerous options. However, we advise you to follow the key assignments that correspond to the keys on the keyboard. In addition, you can disable sounds to avoid noise distraction. This software allows you to test your typing speed, as well as keep track of words per minute, errors, typing speed, and keys per minute. You can even easily copy and paste information in the program. All you need to do is to select what you want to type, and you are ready to go. Get ready for the typing test! FEATURES 1.
